For Parallel Universe: Trek in the Courtroom for Boston-Legal.org  
Episode: Chitty Chitty Bang Bang [02x20: airdate: March 14, 2006] by Debb from Montreal**

**Theme 1: Futurerotica:**

Sex throughout the Star Trek series is not only prevalent but would require a thesis to cover all the bases. Therefore, here are some pictorials of what I feel represent the topic. I hardly know where to begin... (literature, photos... machinery?) Needless to say, erotica is alive and well in the 24<sup>th</sup> century.

1. Fertility (aka phallic) Symbol

<http://memory-alpha.org/en/images/d/d1/Horgahn.jpg> The Horga'hn of Risa. (TNG: "Captain's Holiday") A horga'hn is a statuette that symbolizes fertility on Risa, "the pleasure planet". Carrying one indicates that one is seeking jamaharon, a mysterious and pleasurable sexual practice native to the world.

2. Exotic Dancers (it's not easy being green...)

[http://memory-alpha.org/en/wiki/Orion\\_slave\\_girl](http://memory-alpha.org/en/wiki/Orion_slave_girl) Orion slave girls (or Orion animal women) were female Orions who were very popular "commodities" on the slavemarkets of the Orion Syndicate. They were well known for their "extreme appetites" and their "innate skills". (ENT: "Borderland")

3. Aphrodisiacs (Viagra for the 24<sup>th</sup> century?)

[http://memory-alpha.org/en/wiki/Elasian\\_tears](http://memory-alpha.org/en/wiki/Elasian_tears) Elasian tears are a biochemical compound contained in the tears of Elasian women. A man whose flesh is once touched by the tears of a woman of Elas has his heart enslaved forever. The men of Elas have tried for centuries to dispel its "mystical powers". In 2268, Captain Kirk fell under the spell of Dohlman Elaan's tears, but his love for the USS Enterprise was able to break him of the spell. (TOS: "Elaan of Troyius")

[http://memory-alpha.org/en/wiki/Venus\\_drug](http://memory-alpha.org/en/wiki/Venus_drug) The Venus drug, banned in Federation space, is a chemical compound used to enhance a person's assets. Women become more beautiful & alluring, men more aggressive & muscular. Harcourt Mudd gave it to 3 women whom he was ferrying to Ophiucus III, as wives for settlers. After the USS Enterprise intercepted Mudd's ship, the women ended up on Rigel XII. One of the women digested a placebo remaining as beautiful as she had been with the drug, raising questions of how effective the Venus drug actually was. (TOS: "Mudd's Women")
